

THE LANDWORKERS' ALLIANCE 2023 CALENDAR ON COMMON GROUND

SITES OF HOPE, STRUGGLE AND RESISTANCE IN THE UK LAND JUSTICE MOVEMENT

THEME

Coinciding with the Landworkers' Alliance's 10th anniversary, our best seller is back. **On Common Ground** locates and shares stories of hope and resistance in the UK land justice movement; from urban growing projects to ancient forests.

Uncovering the histories that bind these struggles together, the LWA's 2023 calendar is a rousing reminder that we are all part of something bigger, and that we stand together on common ground.

ARTWORK

Brought to life with 12 commissioned artworks by our collaborator the acclaimed artist, Rosanna Morris, the 2023 Calendar showcases beautiful landscapes which capture the diversity of the movement for land justice in the UK. Printed on 100% recycled paper.

On Common Ground is a timely gift and a source of inspiration for anyone engaged in land-based work or anyone who dreams of a more green and pleasant land.
